Dear Sir/Madam

I have been taking French lesson with Natalie Urqhart to help me personal and for my Gite business, she has been teaching me formal written and idiomatic French which has been very helpful as I have had clients from various parts of France, Belgium and the Netherlands.

She has been particularly good at explaining the use of tenses and verbs of the language

I have found my lessons with Nathalie to be informative and easy to understand, which for me has made it a very pleasant experience.

Yours sincerely

Mrs Nicola Debono
